Dear Joe,

The CDDS (adult scheme) finished on 30<sup>th</sup> November 2012. It was costing about \$1b per annum. There was then a wait until 1 January 2014 for the child scheme (CDBS) to kick in. I believe \$205M in 9 months. Hope this helps.

Dear Karin

Malcolm T has offered his private Email to receive stuff for our Dental Dilemma.

I said if we could save the Govt. \$1.4bn would they concede \$40-45m for our Dental School and Dental Hospital in the New Health and Biomedical precinct. It crosses boundaries of Health Education and Infrastructure.

What has been spent on the CDHBS in the first 9 months if \$124m was spent in 6 months?  
If looking like \$250m in one yr.....then \$1450m remains( 3.4m children x \$500 pa= \$1700m-\$250m= \$1450m)?

Also when did Medicare Dental for adults begin and end.....dates if possible please.  
I think Dutton knows he has a bucket of money left over for the Medical Mafia!

**With Regards,**

**Joe**
